Product Features

In 1972, Agricultural Products, Inc. offered the very first compression fitting. Now over 30 years later we are providing the first major improvement to a fitting design that has become a standard in the industry . . . Introducing the NEW Versa-Grip™ compression fitting. This new design allows the user to easily and quickly connect PE tubing in a variety of configurations. The advantages of this new line of fittings includes:

- 💧 Constructed with high-grade engineered polymer to give you strength, durability and chemical resistance for landscape applications
- 💧 Color coded for easy size identification. Subtle colors are used to blend in with the environment
- 💧 Tapered body design for ease of installation
- 💧 Ergonomically designed to better fit your hand
- 💧 Large fitting ID, means less flow restriction and less pressure loss
- 💧 Packaged in small clear plastic bags for landscape irrigation needs
- 💧 Available in 4 of the most popular sizes - 600, 700, 710 and 720 in a wide range of configurations
- 💧 Unique patent pending fitting design allows flexible and rapid fabrication to meet demanding shipping schedules
- 💧 No tools needed for installation

Size Selection Guide

Versa-Grip™ Size Selection Chart					
Fitting Series Guide	Color of Ends	Nominal Tubing Size			
		O.D. Inches	I.D. Inches	O.D. Millimeters	I.D. Millimeters
600	Green	.610 - .630	.520	15.5 - 16.0	13.2
700	Black	.680 -.699	.590	17.3 -17.75	15.0
710	Navy	.700 -.710	.600	17.8 -18.0	15.2
720	Brown	.711 -.720	.620	18.1 - 18.3	15.8
