

LAWLER DC

SIZE

3/4", 1", 1 1/4", 1 1/2", 2", 2 1/2", 3", 4", 6", 8", 10"

DESCRIPTION

This is a double check assembly. The 3/4"-2" size is a bronze bodied unit. Check springs are contained when the covers are removed. Springs tension has to be re-leased for proper repair. It uses an in-line check design. The check seats are cast into the body and are not replaceable. The 2 1/2"-10" is a galvanized cast iron body. Check springs may not be contained when the cover is removed. A visual inspection is necessary before the cover is removed. Check seats are replaceable on these sizes.

BASIC REPAIR KIT

Repair kit contains all rubber discs and cover gaskets.
