

## CATCH BASINS

NDS catch basins and grates collect surface water while minimizing the amount of debris entering the system

Available in a range of sizes from 6" round to 24" square, and with various grating and filter options for commercial and residential systems.

## NDS Drainage Solutions

NDS offers a complete line of catch basins and grates for residential and commercial stormwater management solutions. NDS catch basins have sump areas that collect debris and prevent clogging of the pipeline, and grates are available in a variety of patterns and colors to blend in with surrounding surfaces. Depending on the size of the round, square, or atrium grates, they may fit directly into a riser of pipe, sewer and drain fitting, or our catch basins.

Small Grates

Speed-D® Basin

## Speed-D® Basins

Use our compact 6" round Speed-D Basins with grates to collect runoff water while its sump area collects debris and prevents clogging. Also use Speed-D Basins with 6" Pop-Up Emitters to provide a point of discharge or overflow in a drainage system.
