PSR Pump Start Relay

PSR

This Pump Start Relay Provides Reliability at an Economical Price

Whether you require the use of a booster pump or pull water directly from a creek or pond, it is imperative that your irrigation system includes a relay that can be counted upon to activate your pump each and every time. The Pump Start Relays have been created to provide that reliability – as well as a lockable NEMA rated enclosure – at an economical price. Available in

a choice of three models to accommodate a variety of power sources and landscape needs, the product is fully compatible with all standard 24VAC controllers. It's also designed with user-friendliness in mind, with flying leads that allow for effortless 24 volt connections plus a wide array of “knockouts” on the cabinet to make wiring easy, whatever your particular mounting considerations.

FEATURES & BENEFITS

- NEMA 3R rated locking enclosure**
 - Enclosure has a high rating for outdoor use and is weatherproof, secure, rust-resistant and shock proof
- Choice of 3 different models**
 - Internal hardware has been sized accordingly to fit your particular voltage and landscape requirements
- 24VAC flying leads**
 - Makes connections to controller quick and easy
- Compact design**
 - Enclosure measures 7.5" H x 6.5" W x 4.5" D
- Completely UL approved**
 - The PSR-22 meets the demanding electrical requirements necessary for UL approval for both relay and cabinet. The PSR-52 and PSR-53 contain UL approved contactors.

ELECTRICAL SPECIFICATIONS
