# DFW BY NDS AMR (AUTOMATIC METER READER) BOXES

## STANDARD COMMERCIAL GRADE

Designed specifically for the Automatic Meter Reading industry, the newest line of AMR boxes builds on our tradition of strength, durability and value.

Like our current Automatic Meter Reading products, this new line of AMR boxes and covers are injection-molded of polyolefins. Polyolefins offer superior signal transmission versus products made of concrete materials or cast iron. Our AMR boxes are also lighter in weight, which eases installation and lowers freight and handling costs.
