

Pressure Regulators

Pressure Regulators. Left to right. 3/4" Low Flow, 1 1/2", 3/4" High Flow

Color-Coded Pressure Regulator Springs. This pressure regulator is the only one for low volume systems that can be disassembled without removing it from the manifold.

Applications

- ▲ All Irrigation Systems

Features/Benefits

- ▲ Provides constant outlet pressure
- ▲ 6 color-coded interchangeable regulating springs, 15-50 PSI range available (see photo)
- ▲ Easy in-line assembly
- ▲ 3/4" male/female inlet and outlet combination
- ▲ Built-in indicator shows when proper outlet pressure is achieved
- ▲ Non-corrosive
- ▲ Interchangeable internal parts

Specifications

- ▲ 3/4" Low Flow "LF" (Red Top); 0.5 - 5.0 GPM
- ▲ 3/4" High Flow "HF" (Black Top); 3.5 - 5.0 GPM
- ▲ 1 1/2" model, 7.0 - 40.0 GPM range
- ▲ 120 PSI maximum pressure
- ▲ Other models available up to 200 GPM

Pressure Regulators Model Information

model #	description	flow rate
PRV075LF15	3/4" MPT x FPT 15 PSI	.5 - 5.0 GPM

PRV075LF20	3/4" MPT x FPT 20 PSI	"
PRV075HF15	3/4" MPT x FPT 15 PSI	3.5 - 20 GPM
PRV075HF20	3/4" MPT x FPT 20 PSI	"
PRV075HF25	3/4" MPT x FPT 25 PSI	"
PRV075HF35	3/4" MPT x FPT 35 PSI	"
PRV075HF45	3/4" MPT x FPT 45 PSI	"
PRV15015	1 1/2" MPT x MPT 15 PSI	7 - 40 GPM
PRV15020	1 1/2" MPT x MPT 20 PSI	"
PRV15025	1 1/2" MPT x MPT 25 PSI	"
PRV15035	1 1/2" MPT x MPT 35 PSI	"
PRV15045	1 1/2" MPT x MPT 45 PSI	"

Regulator Springs Model Information

<i>model #</i>	<i>description</i>
PRVS15	15 PSI regulator spring, blue
PRVS20	20 PSI regulator spring, steel
PRVS25	25 PSI regulator spring, yellow
PRVS35	35 PSI regulator spring, red
PRVS45	45 PSI regulator spring, white
PRVS50	50 PSI regulator spring, orange
