## Getting to know Contractors

This months spotlight is on Joe Touhuni.

Joe started at Contractors HVAC Supply in May 2008 shortly after graduating from the University of Utah with a Bachelors in Mechanical Engineering. While working as a Sales Engineer, Joe has continued to pursue his education by attending Carrier's Engineer School. In September 2009, he passed the Green Associates Exam. Joe's educational background has been a great benefit for the company. When not at work, Joe spends his free time coaching his four young children in sports.
